FBH Japan is Looking for Distributors and Partners in Europe

FBH Japan Will Exhibit Innovative Assistive Products at REHACARE 2016

Tokyo, Japan (August 25, 2016) – France Bed Co., Ltd is looking for distributors in Europe. FBH Japan, the overseas arm of France Bed Co., Ltd, will exhibit assistive products like medical beds, wheelchairs and so on at the booth No.5/B38 at REHACARE 2016 (September 28th (Wed.) - October 1st (Sat.) in Dusseldorf, Germany).

France Bed Co., Ltd., located in Tokyo, represented by the president & C.E.O. Mr. Shigeru Ikeda, is the largest manufacturer and distributor of assistive products and beds for home use in Japan. France Bed Group has been trying to expand overseas business. For example, in 2012 a subsidiary company has been established in Jiangsu, China to promote assistive products rental business in China.

As a leading company which supports Japanese aging society, France Bed would be glad to contribute the experiences and innovative products cultivated in Japanese market, to European countries facing the aging issues.

At REHACARE 2016, FBH Japan will exhibit the safe, functional and hi-tech products and expect to find the potential market for them. Since the establishment in 1946, France Bed has been accumulating technical know-how for manufacturing furniture beds supporting sound sleep. Based on this accumulated know-how, France Bed has also started manufacturing nursing beds and also started rental service of them in 1983. Since then, France Bed has been offering various kinds of assistive products for the elderly. France Bed is willing to contribute to the creation of fulfilling life.

At REHACARE 2016, FBH Japan will introduce “Safety Wheelchair” which prevents users from injury caused by falling down from the wheelchair backwards or forwards by the automatic brake system and the automatic sliding down function of foot support. Also, FBH Japan will introduce “Floor bed” . By setting lowest height of 11cm from the floor, it minimizes the risk of injury at the time of falling down from the bed.

In addition, FBH Japan will exhibit various kinds of assistive products for the elderly and health care apparatus. The innovative products must surprise visitors.
